RE: Incorrect Mailing Address for Customer number 23122

Dear Sir or Madam:

Please find enclosed the Notice of New or Revised Projected Publication Date sent to us by your office. Previously we received the Filing Receipt and it was returned to your office on August 2, 2005. It appears there is some confusion as the customer number for application 10/524,253 is similar to Mr. Oathout's 21322 customer number.

Please take the proper steps to correct this matter.

Should you have any questions please contact me.

Sincerely,

Elisa Gonzalez

NOTICE OF NEW OR REVISED PROJECTED PUBLICATION DATE

The above-identified application has a new or revised projected publication date. The current projected publication date for this application is 10/27/2005. If this is a new projected publication date (there was no previous projected publication date), the application has been cleared by Licensing & Review or a secrecy order has been rescinded and the application is now in the publication queue.

If this is a revised projected publication date (one that is different from a previously communicated projected publication date), the publication date has been revised due to processing delays in the USPTO or the abandonment and subsequent revival of an application. The application is anticipated to be published on a date that is more than six weeks different from the originally-projected publication date.

More detailed publication information is available through the private side of Patent Application Information Retrieval (PAIR) System. The direct link to access PAIR is currently <http://pair.uspto.gov>. Further assistance in electronically accessing the publication, or about PAIR, is available by calling the Patent Electronic Business Center at (703) 305-3028.

Questions relating to this Notice should be directed to the Office of Patent Publication at (703) 305-8283.
